

Students Want to Work for Tesla, Not Facebook

SpaceX Ranked 9th Most Prestigious Internship

The next generation of technology smart engineers are dying to work for Elon Musk's Tesla or SpaceX.

Prestigious Internship

Although SpaceX did not even make the top 50 internships a year ago, it is currently ranked the 9th most popular.

Stress of Working for Elon Musk

Although highly sought after in jobs or internships, many young people agree that the stress involved in working for Musk with his tight deadlines can be rough.

"Almost every engineer wants to work here, but it can be tough," intern Robert Bakos said.
